

# On-Call Recruitment Ltd Announces #Grassroots10k Initiative

**As part of its Tenth Birthday celebrations, On-call recruitment Ltd is delighted to announce it is taking nominations from Nottinghamshire's football teams for a slice of a £10,000 investment in grassroots football.**

The #Grassroots10k initiative for the local footballing community aims to provide the County's clubs an end of season shot in the arm when they're most likely to be winding down for the Summer months ahead of their busy pre-season preparations.

Managing Director Adrian Rawden said: "It's been a big year for Nottingham with it being named the first ever City Of Football in the UK, so I thought it would be nice for On-call to do its part to help build a legacy for clubs desperately in need of financial support.

"Ultimately our bigger clubs haven't delivered this season so it's important for us to make sure the next generation of local talent do not lose interest in the beautiful game!"

We're encouraging parents, coaches, managers, even players to get in touch with us for their suggestions of where their

clubs need investment the most. We've already had requests for kit sponsorship to cover the cost of new kits, but this scheme isn't limited to just that.

Maybe your ground needs a defibrillator? Does your club house need a new lick of paint? Is your club key to the local community and is in need of assistance? These are the sorts of things On-call are looking to do to improve the facilities in Nottinghamshire at grassroots level and to create and continue a long-lasting legacy.

It's not just about writing a cheque - On-call recruitment Ltd are looking to be actively involved with your clubs and will be following each initiative's progress every step of the way.

"We've sponsored a number of local teams over the years from Notts County's youth team right through to our most recent sponsorship of Arnold Town Ladies. We're already in talks to sponsor a number of other sides too, but I think it would be nice for us to go that little bit further and help out our local footballing communities" said Adrian.

"The recruitment industry has been kind to me over the years,

so it means a lot to me that On-call can give back to the local community as part of our ten year anniversary celebrations."

To put forward your suggestion, send your request in an email to On-call recruitment Ltd including your name and telephone number, the team and your affiliation or position within the club, where you would like to see investment and an estimate of the costs involved. Most importantly, in your own words, the impact the funding would have on your football club, or the local community.

We aim to reply to all enquiries within one working day whilst we view the merits of the individual applications. The decision to award funding will be at the discretion of On-call recruitment Ltd and any decisions made will be final. The deadline is Friday, July 1st at noon.

All the clubs backed by the campaign will be followed closely by On-call recruitment, and featured on the company's website and social media channels throughout the 2016/17 season.

Email [stuart@oncallrecruitment.co.uk](mailto:stuart@oncallrecruitment.co.uk) today with your nominations.
