FURTHER TEMP SUCCESS

We have recently gone through a fantastic period of sustained recruitment leading to a number of permanent placements for our candidates. Should you wish to advertise any of your current vacancies, we'd be pleased to hear from you today on 0115 8715 990.

On-call recruitment Ltd are this week happy to announce another success story as Valentin Chicnic starts full-time work with The Sherwood Group.

Our Customer Relations Manager Louise Godfrey praised Valentin's efforts with the company: "We're in a constant dialogue with the companies we work with to ensure the candidates we supply them are working to the best of their ability and it's been clear to us for some time that Valentin has gone above and beyond in just six months.

"He's a lovely guy as well, so polite and always great to deal with when he's needed to get in touch with us so we're very happy for him with what he's achieved."

Mark Ashforth the Technical Manager at their Bilborough site was similarly impressed, particularly with Valentin's work ethic: "Valentin's been a very good worker for us. He does what's required when it's needed. He works over-time regularly, has worked for us at very short notice as well which we always appreciate.

Mark was asked if he'd recommend On-call recruitment Ltd to his customers, to which he was in no doubt: "We've had no problems with On-call recruitment Ltd. I've worked with a lot of agencies in my time and it's how they react when our workers don't turn up - and in that respect On-call have been exceptional.

"The team are always helpful and friendly, and that's why we'd always recommend On-call recruitment Ltd to anyone looking to work with an agency."

We hope you've enjoyed this update and insight into On-call's successes, and we look forward to once again welcoming you and maybe featuring yourselves in our next publication!

On-call recruitment Ltd have said goodbye to three candidates who have found full-time employment through our agency.

Basford's Window Concepts were the first business we sent Marcin Wojciechowski to, and they were impressed enough by his efforts to take him on permanently.

Meanwhile in Bulwell, Jay Thompson and Marcu Mihai have both joined the team at The Health Store - Marcu in particular having only been there for three months.

Romanian-born Marcu has been a real success story for Gregory Manka, one of On-call's recruitment consultants.

"When we get a candidate through the door we like to go a little further than simply pushing them out just to hit targets." Greg said. "It's good to learn a bit more about the people you are helping and that's evidenced by Marcu being taken on full-time in just three months.

"I knew he would be suited to the company the moment they called me asking us to fill a gap for them so I'm over the moon for Marcu."

Greg is now relishing the recent news of On-call's deal with DMW Logistics, one that will create up to one hundred new seasonal job opportunities in the area.

"We've worked hard with DMW since they started with us last year but we're about to step up several gears now and I'd encourage anyone out of work to give me a call and see what we can line up for you. It's going to be a busy few weeks as we look to fill these vacancies which ultimately means if you're looking for work there's never been a better time to get in touch."
